

SSI

Providing Solutions for your environment!

We are currently enrolling participants for a two day workshop on "Basic Functions of H.V.A.C. Controls". This workshop will be held on March 26th and 27th from 8:00a.m. - 3:00p.m. @ our Pensacola office, located at 114 East Wright Street. We will be covering the following:

Basic Functions of H.V.A.C. Controls

-equipment definitions

Basic Control System

-instrumentation

Control Theory Terminology

-set points, control point, controller action
-proportional and integral control
-floating control

DDC Points and Definitions

-digital inputs, digital outputs
-analog inputs, analog outputs
-interlocks

The charge for this class will be \$300 per person. Lunch will be provided. Please complete the bottom portion of this page and fax it to SSI @ (850)472-2146, or contact Gabe Wade directly at (850)472-2147 to reserve your place, as space is limited.
